Professional Experience

- **Au Bon Pain**   **LGA**
  Cashier/Runner   June 2019 - May 2021
- **PrimeFlight**   **LGA**
  Wheelchair Assistant   June 2019 - July 2019

Project Experience

Seven Woks Digital Menu | Live (https://shino022.github.io/project_enid/**)| Repo**

*A Responsive **Single-Page application** for a Chinese Restaurant*

- Developed a single-page application for menu display, featuring responsive design with **React** and **CSS** for cross-device compatibility.
- Enabled intuitive navigation with a dynamic scrolling navbar that links to various sections within the SPA.

COVID-19 Data Visualizer | Live(https://ameersyed7340.github.io/COVID-19_dashboard/**)|**

Repo

An Interactive Dashboard Presenting Real-Time Pandemic Statistics

- Built a responsive dashboard using **React** and **Tailwind CSS**, incorporating **Chart.js** for real-time data visualization.
- Implemented data fetching from a public API to present up-to-date global COVID-19 statistics.

API-Driven E-Commerce Showcase | Repo(https://github.com/AmeerSyed7340/Shopping-Cart**)**

*A Front-End Representation of an **E-Commerce Platform** using React and Material-UI*

- Created a mock e-commerce storefront interfacing with a fake store API, illustrating product browsing and **state management** with React.
- Applied **Material-UI** for a polished UI design, emphasizing functionality and modern aesthetics.

Education

Queens College, City University of New York   **December 2023**

Bachelor of Science in Computer Science, Fall 2023
Key Courses: Software Development, Data Structures,
                     Algorithms, Web Development

Additional Skills

- Skilled in Java, C++, and MERN stack (MongoDB, Express.js, React.js, Node.js), with proven expertise in modern UI frameworks like Material-UI and Tailwind CSS, as showcased in the project portfolio.
